BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 361L.A.—14th February 1944.—The following report of the Select Committee on the Bengal Agricultural Income-tax Bill, 1943, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Agricultural Income-tax Bill, 1943.

We, the members of the Select Committee to which the Bengal Agricultural Income-tax Bill, 1943, was referred by a motion carried in the Bengal Legislative Assembly on the 16th September, 1943, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Those matters which have been recommended by us for omission have been printed in italics and enclosed in square brackets and those recommended for new insertion have been underlined.

2 The Bill was published before introduction in the *Calcutta Gazette*, dated the 26th August, 1943.

3. The Committee met for the first time on the 8th November, 1943, and continued their sittings till the 6th January, 1944, with occasional recess. But as the deliberations could not be finished by the 21st December, 1943 (the date appointed in this behalf by the Assembly), the Chairman of the Committee applied to the Hon'ble Speaker for extension of time till the 31st January, 1944, which was granted. The Committee has now been able to finish their deliberations on the Bill.

4 The Bill has not in our opinion been altered by our recommendation to the extent of requiring republication.

5 The changes made in the Bill, apart from mere formal and technical alterations, are as follows:—

Preamble.—The alterations here are consequential on our subsequent recommendation in the Bill.

Clause 2—Sub-clause (7a).—We are of opinion that the concept of Hindu undivided family as an unit of assessment is necessary only in the case of such families as are governed by the *mitakshara* law. Hence this definition has been added to restrict the meaning of the term accordingly.

Sub-clause (8).—This is a drafting change to make the intention clear.

Sub-clauses (12a) and (16).—We have considered it desirable to insert a definition of "received" used with reference to the receipt of the agricultural income by a person, and of the term "written down value" as we consider these necessary in view of alterations suggested by us in the body of the Bill.

Sub-clause (15).—We have changed the definition of "Total world income" to make it more precise.

CHAPTER I.

Clause 4.—We are of opinion that the agricultural income derived from buildings should be excluded from taxation.

The omission of the words "deemed to be received" is consequential

In modifying sub-clause (*b*) we intend that in the case of partial dedication, the exemption should be limited to that portion of the agricultural income which is actually applied to religious and charitable purposes.

CHAPTER II.

Clause 5.—The amendments here are of a consequential nature. We consider it desirable that there should be two separate heads of account in respect of agricultural income derived from land.

Clause 6.—We found it desirable that allowances in respect of agricultural income from rent and revenue and from agriculture should be dealt with in two separate clauses.

We have limited the interest allowable under sub-clause (*2*) to such amounts as can be legally charged under the Bengal Money-lenders Act, 1940.

Sub-clauses (4) and (4A).—We have made separate provisions for allowances in respect of current repairs and depreciation. Sub-clause (*4*) has been recast and expanded to make it wide enough to suit the case of the Sundarban landlords and other similarly situated landlords who have to incur large costs to maintain the embankments. In sub-clause (*4A*) the allowance for depreciation has been limited to work or assets constructed or acquired after the commencement of the Act.

In sub-clause (*6*) we have added a proviso to enable the landlord who gets his accounts properly audited to take advantage of the actual cost. We have, however, thought it necessary to specify a maximum.

We have redrafted sub-clause (*7*).

We have added sub-clause (*8*) to cover all those expenses not specifically provided for but necessary for deriving agricultural income.

Clause 7.—We have redrafted this clause in consonance with our earlier recommendations.

Sub-clause (1).—We have added a proviso to provide for a presumptive cost of cultivation in certain cases.

Sub-clause (3).—We have considered it necessary to restrict the allowance so that allowance for interest on loans contracted before 1st September, 1941, will be admissible only when the loan is on mortgage and was made for the improvement of the land. Allowance for interest on loans contracted after the commencement of the Act will be admissible only if the loan was spent for acquiring or improving the land.

Clause 8.—We consider that any determination of the market value of the agricultural produce and any apportionment of a common charge made under the Indian Income-tax Act should be accepted. We are also of opinion that in the case of agricultural income derived from lands partly in Bengal and partly outside, an apportionment on the area basis is unsatisfactory and here also any apportionment under the Indian Income-tax Act, if available, should be accepted. We did not consider it expedient or desirable to give the Provincial Government any power as contemplated by the original sub-clause (*b*) of the proviso and have therefore omitted it.

Clause 9.—We consider that apportionment for the purpose of this section should be made on the income basis.

Clause 10.—We consider that the exemption in respect of life insurance premiums should be extended to cover premiums paid to effect insurance on the life of any male member of a Hindu undivided family or of his wife or minor child.

Clause 12.—We do not consider that the agricultural income of a wife or minor child derived from land jointly owned with the husband or father, as the case may be, should be deemed to be the agricultural income of the latter.

CHAPTER III.

Clause 13.—This clause has been merged in clause 15.

Clause 14.—The proviso to this clause has been incorporated in the new clause 15A. The other changes are of purely drafting nature.

Clause 15.—The changes are consequential on the deletion of clause 13.

Clause 15A.—In this new clause we have redrafted and expanded the proviso to clause 14.

Clause 16.—This is consequential on our subsequent recommendations in the Schedule.

Clause 17.—The deleted portion of this clause has been transferred to Chapter VI.

Clause 20.—The alteration here is of a drafting nature to make the intention more clear.

CHAPTER IV.

We have placed clauses 21 and 21A into a separate chapter. This, we think, improves the arrangement.

Clause 21A.—We have introduced the Appellate Tribunal to provide for better and more facilities of appeal.

CHAPTER IVA.

Clause 22 has been omitted as unnecessary.

Clause 24.—In sub-clause (*1*) we have made the intention more precise.

In sub-clause (*4*) we have added a proviso so that the time for submission of accounts or documents may be extended. We have omitted the second portion of the existing proviso which is unnecessary.

Clause 25.—We have extended the scope of sub-clause (*5*) for obvious reasons.

Clause 28.—We consider that the provisions of this clause should apply to companies also and that the notice period in sub-clause (*2*) should be extended to thirty days. The other changes are either consequential or of a drafting nature.

Clause 28A.—We have thought it necessary to introduce this new clause to provide for cases of change of constitution of a firm and other cases of succession.

Clause 29.—We have provided that for the purposes of this clause the Assessing Officer must accept the decree of a competent civil court or an amicably executed document of partition which has been acted upon.

Clause 34.—In sub-clause (*1*) we have provided for the communication to the assessee of an order fixing the date and place of hearing passed in his absence. We have deleted the second proviso to sub-clause (*4*) as we consider it unnecessary.

Sub-clause (*5*) is consequential.

Clause 35.—We have deleted this clause as we do not think that such wide powers of revision by the Commissioner are necessary in view of the introduction of the Appellate Tribunal and we have inserted a new clause providing for a second appeal to the Appellate Tribunal.

Clause 35A.—We have thought it necessary to provide for this limited power of revision by the Commissioner.

Clause 36.—We consider that the limitation period should be four years in all cases under this clause. We think that the second proviso to sub-clause (*1*) is unnecessary.

CHAPTER V.

Clause 42.—We have made provision so that the assessee may apply for extension of time as soon as he has presented the appeal. We have also made provision for grant of instalments on certain conditions.

Clause 43.—We have reduced the maximum penalty to a sum equal to half the arrears. In sub-clause (*4*) we have also provided for a period of limitation to recovery proceedings.

CHAPTER VI.

Clause 46.—The second portion of clause 17 has been merged in clause 46. We have, in sub-clause (*5*), provided for the manner of determining the total world income. The other changes are of a drafting nature.

Clauses 47 and 48.—As the scope of the Bill is limited to income (1) derived exclusively from lands and (2) originating exclusively within Bengal, we are of opinion (1) that any provision for relief of double taxation is not appropriate to the measure and (2) that the responsibility for relief of double taxation, if any, is on the other country which goes in for taxing agricultural income arising in Bengal. We have, therefore, deleted both the clauses.

CHAPTER VII.

Clause 52.—In sub-clause (*2*) we have reduced the maximum daily fine to rupees five only. The other alterations have been necessitated by our recommendations in the earlier clauses.

CHAPTER VIII.

Clause 56.—We consider it desirable to restrict the Provincial Government's power to make rules for the ascertainment and determination of agricultural income.

Clause 57—Sub-clause (2)(i).—We did not think it necessary to restrict this to the Scheduled Banks.

Sub-clause (2) (iv).—We did not think that the definition should be restricted as in the Bill. We have, therefore, made provision so that it might be so made as to suit all cases.

Sub-clause (3).—Dismissal from Government service should not be considered as a disqualification for practice in the Agricultural Income-tax Courts and we have accordingly amended the sub-clause.

We have provided for appeal to the High Court instead of to the Board of Revenue.

Clause 59—Sub-clause (2).—We considered it essential that the notice, in the case of a Hindu undivided family, should be addressed to the manager. The other change is purely of a drafting character.

Clause 60.—We have placed the question of place of assessment as much beyond dispute as possible. In the case of companies, firm or other association of individuals it is either the registered office or the place where its accounts are kept. In other cases it is the place of residence of the assessee or his agent, but the assessee has an option to be assessed at the place where his accounts are kept, provided that that place is in Bengal.

SCHEDULE.

A(2).—We have raised the exemption limit to Rs. 3,500. We have also introduced an alternative exemption limit of sixty standard *bighas* of land in certain cases. The other changes are consequential or are of drafting nature.

B.—The change is of a drafting nature.

*Signed subject to a minute of dissent annexed.

Note.—(1) Signature of Maulvi Abul Hashim had not been received up to the time of printing the report.

(2) Khan Bahadur A. M. L. Rahman has since resigned.

(3) Note of dissent by Mr. Mirza Abdul Hafiz has not been received.

Joint Minute of Dissent by Mr. Dhirendra Nath Dutta, M.L.A., and Mr. D. N. Mukherji, M.L.A.

We beg to sign the report subject to the following note of dissent and we also reserve the right of moving any amendments that may be thought necessary.

We are of opinion that additional income is necessary by imposing a tax on agricultural income but the income derived therefrom should be reserved for improvement of agriculture and hence in the preamble of the Bill after the words "revenues of Bengal" the following words should be inserted:—

"to be applied solely for improvement of agriculture or for projects connected with agricultural improvements."

There is no reason why should there be any differential treatment as between an assessee who derives his income from rent or revenue and an assessee who derives his income from cultivation and so sub-clause (*2*) of clause 6 should be in line with sub-clause (*3*) of clause 7 as both deal with interest on mortgage or other borrowed capital and therefore we are of opinion that sub-clause (*2*) of clause 6 should be as worded as sub-clause (*3*) of clause 7 is.

An assessee from cultivation should also enjoy benefit of "Explanation" to the word "Maintenance" and hence we are of opinion that after sub-clause (*5*) of clause 7 an "Explanation" in the same language as it is found in Explanation to sub-clause (*4*) of clause 6 should be inserted.

Minute of Dissent by Mr. Ahmed Ali Mridha, M.L.A.

I sign the report subject to the following note of dissent:—

I am of opinion that—

(1) Sub-clause (*2*) of clause 6 shall be the same as sub-clause (*3*) of clause 7.

(2) The concluding word "thereto" in sub-clause (*b*) of clause 4 shall be substituted by the words "for the aforesaid purposes".

(3) In the explanation under clause 4 the following shall be added:—

In the case of wakf-alal awlad—"maintenance of the members of the family of donors shall be deemed to be within the scope of religious and charitable purpose."

(4) Income derived shall be reserved for improvement of agriculture within the province.

Minute of Dissent by Kazi Emdadul Haque, M.L.A.

The Agricultural Income-tax Act is not a war measure. It is a permanent measure with a far reaching character; we must therefore see that the money available be utilised properly. In fact, unless the money can be fully utilised for the advancement of agriculture in the land, this measure, to my mind appears to be unsupportable. I therefore suggest that the preamble must contain provision to that effect.

Joint Minute of Dissent by Mr. H. Rowan Hodge, M.L.A., and Mr. C. W. Miles, M.L.A.

1. There are a number of amendments to the Bill by the Select Committee which we are unable to support and we therefore reserve the right to move and support such amendments in the Legislative Assembly as we may deem advisable.

2. The scale of tax set out in the schedule makes it clear, in conformity with most scales of income-tax, that individuals with the larger incomes are to pay proportionately more tax than those with the smaller incomes. In addition, the Bill allows special privileges to persons with smaller incomes, e.g., by raising the lower limit of taxation to Rs. 3,000, by exempting altogether agriculturists with only sixty *bighas* of land and by allowing other individual and joint family agriculturists, even working their land with hired labour, fifty *per cent.* as the cost of producing the income; but zemindars are not to be entitled to the full cost of collecting their rents. In further contrast, share-holders, partners and members of associations by reason of restricted refunds are to suffer tax at rates higher than those imposed by the schedule and they, as well as companies and firms, are also to be exposed to the risk of double income-tax.

In the result the Bill clearly throws more than the fair burden of the tax on to agricultural income connected with business, particularly where the business is controlled from outside British India; notably from the United Kingdom.

3. For the purpose of this minute we are content to deal only with a few clauses to which we attach particular importance.

4. **Clause 2(1)(a).**—The words "in British India" in the definition, borrowed from the Indian Income-tax Act, 1922, have been retained, we understand, to enable assessments to be made regarding land in Bengal which is assessed to land revenue outside the Province. To that we have no objection but a view has been expressed by certain officials that it would be within the competence of the Province under this form of definition by

amendment hereafter to expand the field of taxation by taxing agricultural income from land outside the Province by adopting the "residence" basis or the "accrual" basis. We are strongly opposed to any such expansion of the field of taxation which we believe to be *ultra vires* the Provincial Government and we consider the definition should be brought into line with the Assam and Bihar Agricultural Income-tax Acts by substituting the name of the Province for the words "British India".

5. **Clause 2(15).**—We see no justification for enlarging the definition of total world income beyond even that comprised in the Indian Income-tax Act and we refer to this again in connection with refunds under clause 46.

6. **Clauses 6 and 7.**—The scheme of computation is based on collections but as regards allowances only actual payments made in the year of assessment are to be allowed, which is contrary to the principle of taxation adopted by the Indian Income-tax Act, even where the cash method of accounting is adopted. This will mean in the first years after the Act comes into operation that arrears which may be collected in those years will be taxed thus virtually giving retrospective effect to the tax but expenditure paid out in respect of such earlier collections will not be allowed as a deduction, unless it has been paid out in the actual year when the arrears were collected. The Bill thus has retrospective effect and, in addition, the tax-payer may even be deprived of the allowances.

7. **Clause 6(6).**—We do not consider it reasonable, where actual expenditure can be proved, to limit collection charges to 17½ *per cent.*, to include also the cost of maintenance of *katcharies* and other capital assets and any expenses of litigation.

8. **Clause 7(3) and (6).**—We do not consider it reasonable to deprive agriculturists of the allowances for mortgage interest and depreciation in the manner in which these clauses have been amended.

9. **Clause 24(4).**—We are opposed to the amendment to the second proviso as we see no purpose in permitting the Agricultural Income-tax Officer to require production of accounts in the case of tea income, when such production is already permitted to the Indian Income-tax Officer in making the Central assessment.

10. **Clause 46.**—Notwithstanding the revision of this clause the characteristic of calculating the refunds by reference to the total world income is still retained. In the result, share-holders, partners and members of associations will suffer tax at rates considerably higher than other tax-payers under the Bill, and by enlarging the definition of total world income [clause 2(*15*)] the refunds to be had will be even smaller than as contemplated by the original Bill. It should not be overlooked that the object of taxing the company, firm or association instead of individual members is merely to facilitate tax collection. The revenue has thus been overpaid at the expense of the tax-payer until adjustment is had by refunds. The tax-payers should be in a position to get an adjustment so that in the final result he is not suffering tax at higher rates than anyone else. The basis of assessment is total Bengal agricultural income and this should be the basis upon which refunds are to be granted. Even so the revenue will make out of the taxation at the source basis, since many people will never make refund applications.

11. **Clauses 47 and 48.**—We do not consider it equitable to have deleted these clauses. It is universally accepted that the subject should not suffer double income-tax on the same income. Whilst we understand and appreciate the arguments set out in the Select Committee Report it should be remembered that Bengal is entering upon the legislative field with a taxation measure when a variety of other schemes of income-tax of other Governments are already in existence, some of which already charge tax on the Bengal agricultural income. To ignore this is to inflict double taxation. As regards the United Kingdom (clause 48), where the relief is given first by His Majesty's Government, on present rates no refund claims can possibly arise against the Bengal Treasury. The deletion of this clause is thus not designed to save anything for the Bengal Treasury but appears merely to record that the Bengal Legislature will not co-operate in the Empire scheme for reciprocal relief. We consider that both clauses should be restored. If the Bengal Government find hereafter that the Empire scheme is inequitable, representations may be made through the proper channels to His Majesty's Government for a revision of the scheme. Meanwhile the tax-payer should not be exposed to the risk of double taxation.

Minute of Dissent by Rai Harendranath Chaudhuri, M.L.A.

I am sorry I cannot agree with the report of the Select Committee as it stands and the points of my disagreement and the reasons for the changes I still consider necessary are given below.

1. In the all-embracing and unrelieved crisis through which Bengal has been passing, and the like of which has not been witnessed since 1770, she can hardly bear the burden of a new taxation on a major scale, much less a tax on her agricultural income and particularly on the income derived from rent. Those who are not ignorant of the provisions of the Bengal Tenancy Act are aware that agricultural income derived from rent paid by tenure-holders and *raiyats* is absolutely inelastic and cannot have increased at all on account of the present rise in the prices of agricultural commodities. Such income if it cannot be said to have deteriorated in value with the fallen rupee, has not certainly increased in amount with the present inflation, whatever may be the position of "mixed incomes" that have direct connection with the markets ruled by the War. The imposition of such a tax therefore to balance budgets, heavily unbalanced by expenditure due to the war, most of which again ought to be Central burden, is not only unjust in the present circumstances but an unjustifiable dissipation of resources that may be drawn upon on return of normal times for purposes of post-war reconstruction in the Province. Recently the Bengal Government brought out a Commission to examine the existing land-revenue

system of the Province and to report "whether it was advisable to acquire all the superior interests in agricultural land." The Commission in recommending the abolition of what is called the Zemindari system (involving the interests of all but the actual cultivators) also observed that—

> "We should prefer an agricultural income-tax, to be imposed as a transitional measure until the scheme of State acquisition is effected, or as a permanent measure, if Government consider that State acquisition should not be undertaken for financial or other reasons. We are strongly of opinion that if agricultural income-tax is imposed, it should be *applied* solely for the improvement of agriculture, or for projects connected with agricultural improvement."

If such was the strong recommendation of the Commission before all talk of post-war reconstruction came to be indulged in and the present crisis disclosed the necessity of larger food production in the province, subsequent events must have lent additional strength to that recommendation and consistently with it the proceeds of the agricultural income-tax should have gone to finance expenditure for agricultural improvement and the preamble should have been amended accordingly. But the Committee was not permitted to make the amendment. Will the Legislature be enabled to do so? If not, it should be made a short term, emergency measure.

2. The provisions of the Bill have undergone considerable revision but the following amendments still appear to me necessary:—

(*i*) The definition of "agricultural income" in *clause* 2(*1*) should be made more explicit by adding an *explanation* that the word "cultivator" includes a producer who does not cultivate lands himself but carries on agricultural work by paid labourers. It is said that the definition given in the Indian Income-tax Act, 1922, must be regarded as sacrosanct and that an exact copy of it must appear in the Bengal Act. If the word "revenue" in the definition of agricultural income as given in the Indian Act could be changed to "income" and the words "cess collected under any Bengal Act" introduced with impunity in the Bihar Act, if the Assam Act could add a big explanation regarding "tea" to the definition of the Indian Act without doing any mischief, certainly any addition which merely clarifies the meaning or states the dictionary meaning of a word in the aforesaid definition cannot do any harm. After the decision of the Patna High Court in Jhalak Prasad's case (I.L.R. Patna XX, p. 573) a verbal change which does not extend the field of taxation cannot reasonably be opposed. On the contrary omission to state the dictionary meaning, the whole meaning, of the word "cultivator" may leave a lacuna and make a narrow interpretation of the word "cultivator" *possible*, and the word may well be construed to mean an actual tiller or a *raiyat* who cultivates his lands himself and not a person who raises or plants crops by employing hired labour.

(*ii*) It is unfortunate that in defining agricultural income in *clause 4* of the Bill while the two exceptions have been taken from section 4(*3*) of the Indian Income-tax Act, "receipts of a casual and non-recurring nature" have not been excluded from the category of income as they have been in item (*vii*) in the said section of the Indian Income-tax Act. The result will be that such receipts will come to be taxed under the scheme of agricultural income-tax, while they are excluded in clear terms under the existing scheme of non-agricultural income-tax in this country.

(*iii*) In *clause 4* agricultural income derived from properties held under trust for charitable purposes has been excluded from the category of income. On the same ground amounts spent for "charitable purposes" should also be excluded in the calculation of total income, at any rate such amounts should be deducted in computing assessable income and some amendment on that line is necessary either to clause 4 or to clauses 6 and 7.

(*iv*) In *clause 6* of the Bill even as revised by the Select Committee, it has been proposed to allow 15 *per cent.* as cost of collection *including* expenses of litigation and maintenance of *katchari* or any other capital asset. The Land Revenue Commission recommended that in buying up the properties 18 *per cent.* should be deducted as collection charges. There can be no justification therefore for not allowing collection charge at that rate in computing assessable income simply because the properties now remain with the owners. The collection charges under the management of the Court of Wards have, it is said, risen now to more than 20 *per cent.* To avoid all controversy about the *correct* percentage in this matter and yet to do justice in those cases where larger percentage of such charges is required, provision should have been made for the allowance of *all* expenditure actually incurred for earning the income as has been made in section 12 of the Indian Income-tax Act. The Privy Council in its judgment in Raja Pravat Chandra Barua's case (34 C.W.N., p. 1017) expressed the view that if agricultural income had not been excepted in the Indian Income-tax Act the income from zemindaries would have been taxed under section 12 of the Act and in that section allowance is made for "*any* expenditure incurred solely for the purpose of making or earning such income". If actual expenditure for management, collection, litigation and repairs be not deducted in determining the assessable income then the injustice of taxing notional income, which all income-tax measures seek in fairness to avoid, will be done. That in the revised clause an extra 2½ *per cent.* has been allowed in cases where accounts are audited in the prescribed manner can only benefit the Wards Estates or those few who keep their accounts as they are kept in mercantile business but it cannot be available to the generality of assessees who keep their accounts in the traditional manner and cannot easily have their accounts audited.

(*v*) Sub-clause (*4*) of *clause 25* appears to make an undue exception. The powers referred to are powers to assess the agricultural income and determine the tax. It cannot be said from the legal point of view that such assessment and determination will not have to be made at all in cases coming under section 8(*2*). Only the discretion that is vested

in the income-tax officer in sub-clause (*l*) is practically taken away by sub-clause (*4*) and the discretion is vested not even in the Assistant Commissioner but the Commissioner; yet the income-tax officer will be the assessing officer in the eye of law. He will have to do the work of assessment and determine the tax on his own responsibility at least in the cases contemplated in Explanation (*ii*) of section 8(*2*). When there is provision *of* appeal even in such cases sub-clause (*4*) should be deleted.

(*vi*) In sub-clause (*3*) of revised *clause 7* which lays down separately the allowances to be made in the computation of "agricultural income from agriculture", while a premium has been put on cultivation by *bargadars* and hired labourers, the allowance in respect of interest on mortgages has been unfairly cut down to interest on pre-Bill mortgages and to that on future borrowings *for the benefit of the land*. Why interest on mortgages executed for other legitimate purposes, viz., for the benefit of the owner of the landed interest or to enable him to discharge his family obligations should not be allowed for, where the only or principal assets of the generality of assessees are land it is very difficult to appreciate. In the case of non-agricultural income the Indian Income-tax Act permits such deductions irrespective of the question of improvement of houses or landed properties [*vide* section 9(*l*)]. It is unfair to treat agricultural income from landed properties in a different manner.

(*vii*) Where any rectification under *clause 37* of the Bill has the effect of enhancing the assessment, no provision has been made for appeal against such a rectification if improper. The order for such rectification should be made appealable just as an appeal will lie against assessment under the provisions of the Act.

3. But in spite of all the improvements that may have been effected in the provisions of the Bill in the Select Committee the Bill remains the same burdensome measure as it was introduced when the schedule with its high rates remains unchanged. For the first time agricultural income-tax is going to be imposed in Bengal and yet at the highest rate that has yet been devised for the purpose of such a provincial measure. The consideration and care with which the Government of Bihar moved in enacting the Bihar Agricultural Income-tax Law ought to have influenced the Bengal Government particularly at such an exceptionally hard time in the history of Bengal and both the taxable limit and the schedule of rates in the Bihar *Agricultural* Income-tax Act ought to have been adopted with probably a pie less for the two lowest grades of taxable income. In accordance with the scheme adopted even in the revised Bill agricultural income ranging between Rs. 3,500 and Rs. 5,000 will be taxed when the consumers' burden has so much increased in Bengal. While incomes above Rs. 10,000 will have to pay considerably higher, in some cases even 50 *per cent.* higher, taxes here in Bengal than similar incomes in Bihar and even taxes higher than those payable in Assam with its large tea concerns. To say that the rates adopted have been similar to those applied to non-agricultural incomes by the Central Act is to forget not only that the present Indian income-tax has a long history of growth behind it but also the obvious and wide difference between non-agricultural and agricultural incomes. While the former is much more elastic than the latter, the latter bears a great public burden and is really the residue that remains after meeting the first charge of revnue or rent and as such is deserving of greater consideration.

Minute of Dissent by Maharajadhiraja Udaychand Mahtab Bahadur of Burdwan, M.L.A.

In submitting this Note of Dissent I am to record my basic opposition to the imposition of income-tax on agricultural income, especially when the province of Bengal is in the midst of unprecedented economic crisis. The case for the imposition of income-tax on agricultural income is very weak in Bengal, the more so when the tax is proposed for the balancing of the provincial budget to cover expenses owing to the war. It is well known that the incomes of persons derived from agricultural rent are inelastic and that they cannot enjoy any slice of benefit from the general rise in the prices of agricultural produce; moreover their purchasing power has definitely gone down because of the shooting rise in the cost of living. The Bengal Land Revenue Commission 1938-40 examined the land system in all its details and recommended an agricultural income-tax as a transitional measure "until the scheme of State acquisition is effected", and it was definitely of the opinion that the tax on agricultural income should be applied "solely for the improvement of agriculture or for projects connected with agricultural improvement". The preamble to the Bill should therefore be amended with a view to earmarking its proceeds for the improvement of agriculture.

I append my signature to the Report of the Select Committee subject to the following observations:—

(1) As agricultural income derived from buildings is exempted from the scope of the Act, sub-clause (*c*) of clause (*l*) of section 2 should be deleted. It is necessary to narrow down the definition of "agricultural income", and the Provincial Legislature is competent to do so.

(2) The purpose of a taxing statute is not to dismember the new property but to take away a slice of its income for public purposes. The fixation of a high rate of taxation will encourage the tendency to the partitioning of estates. The rate of agricultural income-tax is rather high, especially in view of the fact that Bengal has the largest number of middle tenures with low assessable incomes. As the Act is going to effect prejudicially the middle classes of Bengal, it is expedient and desirable in the interests of the given basis of class relations that the rate of income-tax on agricultural income should not be high. The rate may start with six pies in the rupee making the slabs more steep like the Bihar Agricultural Income-tax Act with a view to ensuring fair dealings to the assessees. The Hindu undivided family will suffer greatly if a sufficiently lower rate is not fixed.

(3) It is to be made clear in the definition of "total agricultural income" that receipts of a casual and non-recurring nature do not fall within the category of income.

(4) Clause (8) of section 6 may not cover the following allowances:—

(*a*) the amount of any annual charge not being a capital charge in respect of such land;

(*b*) any sum paid by the assessee as interest in the previous year on loans for payment of land revnue or rent and any local rate or cess in respect of such land;

(*c*) the amount of penalty paid by the assessee in the previous year on the arrears of land revenue;

(*d*) the amount spent by the assessee for charitable purposes.

Under the Indian Income-tax Act the amount of interest paid in respect of capital borrowed for the purpose of business is deducted. The amount of interest paid in respect of capital borrowed for the payment of revenue or rent or local rate or local cess is fundamental for carrying on the business of agriculture, and as such it should be expressly deducted. It will stifle private charities if the amounts spent for charitable purposes are not deducted in respect of ascertainment of assessable income.

(5) The Select Committee have drawn a sharp line of distinction between agricultural income from rent or revenue and agricultural income from agriculture. To students of social sciences this distinction is significant, but for the purpose of assessment both the grades of income falling under the category of agricultural income from land should be dealt with as one unit. A very liberal computation of allowances has been provided for in section 7 in the matter of agricultural income from agriculture. Take the case of an individual cultivating land with the aid of hired labourers. He is entitled to the following allowances:—

(*a*) A sum equal to 50 *per cent.* of the market value of the produce raised from such land.

(*b*) Land revenue or rent.

(*c*) Any local rate or cess.

(*d*) The amount of interest in respect of mortgage or charge created on or before the 1st of September, 1941, for the benefit of such land.

(*e*) Any sum paid as interest or loans under the Agricultural Loans Act, 1884, or the Land Improvement Act, 1883.

(*f*) Any expense on the maintenance of irrigation or protective work.

(*g*) Depreciation in respect of any irrigation or protective work or other capital asset

(*h*) Any premium for insurance against loss of or damage to such land or crops.

(*i*) The amount by which the written down value of the machinery or plant exceeds the amount for which the machinery or plant is actually sold or its scrap value.

(*j*) Any other necessary expenditure except capital expenditure or personal expenditure.

Section 6 read together with section 7 illustrates that an individual who is not a rent receiver but a farmer carrying on his business with the aid of hired labourers can easily produce a statement of accounts with a view to exempting him from the scope of taxation, even though he has factually an assessable income. This special concession to individuals carrying on agriculture with the aid of hired labourers will lead to the discouragement of the *bhag-system* ensuring common partnership of landlords and tenants in the task of agriculture. This taxing statute will thus indirectly lead to further levelling down of agricultural labour displacing the produce-rent and the cash-rent tenancy. It is an accepted maxim, with which we are in agreement, that actual tillers should be given all kinds of encouragement and protection to pursue their sacred task of cultivation, but all this falls within the scope of tenancy legislation. A taxing statute should treat similiarly situated persons alike, and if it discriminates, it leads to undesirable repercussions.

It is further apprehended that should such arrangement be sanctioned in law, the rent-receiving community may be loaded with further burdens to make up the losses consequential on the evasion of individuals carrying on agriculture with the aid of hired labourers. This is inexpedient and unfair.

(6) The Appellate Tribunal, as envisaged in section 21A, should consist of persons having knowledge and experience so that the confidence of the assessee may be ensured. Accordingly, the lawyer member should be strictly recruited from barristers or advocates of the High Court practising professionally for a period of not less than ten years. The period of five years, as suggested, will help junior practitioners to be a member of the Tribunal which will not be helpful for the ends of justice. A pleader or an agricultural income-tax practitioner may be found lacking in experience necessary for judicial determination, and as such it is better that they should be debarred from membership of the Tribunal.

The period of appointment of any member of the Tribunal should not be left to the discretion of the Provincial Government which may give legitimate gounds of complaint. The period should be for five years, the sitting members being entitled to reappointment. Much too interference by the Provincial Government with the determination of the period of a member of the Tribunal would seek to impair his independence, so necessary in a Tribunal of the kind contemplated in section 21A.

The procedure of the Appellate Tribunal should, as far as possible, follow the provisions of the Civil Procedure Code.

(7) In sub-clause (*iv*) of clause 2 of section 57 it is left to the Provincial Government to prescribe the necessary educational qualifications of an "agricultural income-tax practitioner". Any person who does not hold a degree in law of any Indian University should not be allowed to be an agricultural income-tax practitioner. It will spell injustice to the assessees if persons without adequate training are given permission to practise before any agricultural income-tax authority.

Minute of Dissent by Mr. Abdul Latif Biswas, M.L.A.

I cannot accept with a sense of satisfaction the definition of "Hindu Undivided Family" as given by the Select Committee by adding sub-clause (*7a*) to clause 2. The definition has restricted the meaning of "Hindu Undivided Family" by excluding "Hindu Undivided Family" governed by Dayabhaga Law from the purview of this definition and including only "Hindu Undivided Family" governed by Mitakshara Law within its scope. This restricted meaning of "Hindu Undivided Family" is sure to cause mischief in the matter of assessing agricultural income-tax inasmuch as this meaning will help the escape from taxation of agricultural income derived from the properties standing in the name of the *karta* of a Hindu Undivided Family governed by Dayabhaga Law, which (income) is otherwise assessable falling within taxable limit, as the *karta* of such a family availing himself of the restricted meaning of "Hindu Undivided Family", which has left the Hindu Undivided Families governed by Dayabhaga Law outside its scope may and as a matter of fact will plead that his family is not a "Hindu Undivided Family" within the meaning of the definition and as such though the agricultural income of the properties standing in his name as the *karta* of the family falls within taxable limit will not be assessable when shown divided in respective shares among his family members who have right, title and interest in those properties. It will not be fair that such a family as enjoys and derives all the advantages of a Hindu Undivided Family and is recognised as such by Hindu Law will escape this taxation taking its stand on the restricted meaning of the definition. This, to me it seems is against the spirit of the proposed legislation. I am strongly of opinion that Hindu Undivided Family should be defined to mean all Hindu Undivided Families whether governed by Mitakshara or Dayabhaga Law.

2. I disagree with the opinion of the majority by which the words "or finally set apart for application" in the 6th and 7th lines of sub-clause (*b*) of clause 4 have been deleted. By this decision it has been provided that when a property is held in part under trust for religious or charitable purposes or in the case of a Muslim Trust commonly known as Wakfal-al-aulad that portion of the income which has been finally set apart for the application to religious or charitable purposes but has not been actually spent within the year will not be exempted from taxation. There should be no such distinction. There may be various factors which may stand in the way of speedy application of that portion of income. But for that reason money meant for religious and charitable purposes should not be subject to this taxation.

3. I hold that the allowance of a sum equal to fifteen *per cent.* of the total rent or revenue which accrued to him in the previous year in case of an assessee who cannot produce his account audited and certified to be correct by an accountant and seventeen and one-half *per cent.* maximum in case of an assessee who can produce such audited and certified account, by way of the cost of collection of such rent or revenue including the maintenance of any *kachari* or other capital assets and any expenses of litigation is unreasonable and unfair and it appears to be high and excessive. In any case this allowance should never exceed a sum higher than twelve and one-half *per cent.* of the total rent or revenue accrued to the assessee in the previous year and if the assessee wastes no money and maintain strict supervision over his staff he may keep such cost within ten *per cent.* Another fact should be considered in this connection. When a decree is passed the decree-holder gets his legal cost and if a landlord loses a case instituted against his tenant it may fairly be presumed that he had recourse to litigation as a sort of luxury or oppressive measure to teach his tenant a good lesson. In case he wins, he gets his legal cost and if he loses it may be said that his litigation was the outcome of his whims and caprices and in both the cases these expenses should not be taken into account when any allowance is made by any income-tax officer. I am further of opinion that there should not be any distinction between an assessee who can produce his account audited and certified to be true by an accountant and an assessee who cannot produce such audited account.

4. The proviso to sub-clause (*l*) of clause 7 has allowed a sum equal to fifty *per cent.* of the market value of the produce raised from the land as the cost of cultivation in respect of all agricultural income derived from land referred to in sub-clause (*b*) of clause 1 of section 2 in case of an individual or Hindu Undivided Family only whose primary means of livelihood is agriculture and whose source of agricultural income is land possessed by such individual or family and cultivated by such individual or by the members of such family with or without the aid of hired labourers. This proviso has limited the scope of allowance only to those individual or Hindu Undivided Family whose primary means of livelihood is agriculture and whose source of agricultural income is land only. I think this has treated very badly and harshly other persons whose primary means of livelihood is not agriculture and whose sources of agricultural income is not land. This presumptive cost of cultivation has been allowed, I believe on the ground that it is difficult on the part of the cultivator to keep account of the expenditures proposed to be allowed under sub-clause (*l*) (*i*), (*ii*), (*iii*) and (*iv*) of clause 7. Why a sum equal to 50 *per cent.* of the market value of the produce raised from land has been proposed to be allowed as a presumptive cost of cultivation instead of some other *per cent.* will be found in the fact that throughout the province of Bengal the *bargadars* or *adhiars* keep one half of the produce raised from the land under their *barga* cultivation as cost of such cultivation and give the other half to the owners of the land and that other half is the agricultural income from land. If the owner of a land when it is given in *barga* gets one half of the produce as his share which will be construed to be his agricultural income from that land and the other half falling in the share of the *bargadar* is taken as the cost of cultivation. I do not find any reason why one half of the produce raised from land kept in owner's cultivation instead of giving it in *barga* will not be allowed as cost of cultivation, only because the primary means of livelihood of such owner is not agriculture and his only source of agricultural income is not land possessed by him and cultivated by such owner with or without the aid of hired labourers. The proviso may in it have magic but it certainly lacks in logic. In all fairness the presumptive cost should be allowed to all whether their primary means of livelihood is agriculture or not and whether their only source of agricultural income is from land or otherwise.

5. I disagree with the provision contained in sub-clause (*a*)(*i*) and (*ii*) of clause 12 of the Bill in which it has been provided that the total agricultural income of a wife or a minor child from the property transferred by the husband or the parent as the case may be in favour of wife or minor child otherwise than for adequate consideration shall be included into the agricultural income of such husband or parent. Here the adequacy or otherwise of the consideration has been considered to show the *bona fide* or *mala fide* of the transaction. One fact has been lost sight of and it is this that in spite of the inadequacy of the consideration a transaction may be *bona fide* and valid transferring the right, title and interest to the transferee. An instance of Muslim Hibabil Ewaj may be cited. A gift of a large property in exchange of a copy of the Holy Koran or a *tasbi* may be made and in this case though the consideration is inadequate and meagre the transaction is valid resulting in the transfer of right, title and interest from the donor to the donee. So I do not find any reason why the agricultural income from a property received from the husband or of the minor child from the property received from a parent by this sort of transfer though the consideration is inadequate will be included into the agricultural income of the husband or the parent as the case may be. The criterion should be whether the transfer is valid or not. In case of valid transfer to the wife or a minor child such income should not be included into the income of the husband or a parent as the case may be.

6 One word regarding the proviso (*ia*) of the schedule where it has been provided that a person possessing sixty standard *bighas* of land with some conditions contained therein should be exempted from assessment. I think that this exception is made to save the illiterate cultivators from the difficulties of submitting the return complicated in its nature when their agricultural income falls below the assessable limit. If that is the reason exception should be made with regard to one hundred standard *bighas* of land instead of sixty standard *bighas* as the probable agricultural income in normal time of one hundred standard *bighas* is not likely to reach assessable limit.

Minute of Dissent by Mr. Shahed Ali, M.L.A.

So far the preamble of the Bengal Agricultural Income-tax Bill is concerned there is no mention how the money accrued from this taxation will be utilised. It was the view of many members of the Select Committee that the entire income should be earmarked for improvement of the productivity of soil and condition of the agriculturists. It was ruled out that it is not within the scope of the Select Committee to change the preamble as outlined above, as they are concerned only with taxation but not with appropriation. It is the power of the Legislature to cancel, modify or alter it. With these words I draw the attention of the members of both the Houses of Legislature to this aspect of the Bill.

In the "Explanation" of clause 4(*b*) there is no definition of "Charitable purpose", "Charitable purpose" should also include all the trusts, obligations and wakfs recognised by Muhammadan Law. As such all the wakfs including *Wakf-ul-Aulad* should have found place in clause 4(*b*) of the present Bill.

In computing the total agricultural income, the simple *Heba*, *Heba-bil-Ewaj* or *Heba-bil-Shart* should have been taken into serious consideration by the Committee. In clause 12 of the Bill all the *hebas* or gifts or obligations otherwise than with adequate consideration, will be included for the purpose of assessment. By this provision we come into direct conflict with the provisions of Muhammadan Law. The transfers by *heba* are equally valid and binding as transfers for consideration.

I do not see any earthly reason why this should be included for the purpose of taxation alone.

The taxable unit under this Bill should have been Rs. 4,000 instead of Rs. 3,500.

(*Note*.—On an average of the five years ending 1941-42, the area under sugarcane in Bengal, has represented some 7·9 per cent. of the total area under sugarcane in India.)

Character of the season.—Since the issue of the Second Forecast the weather and its effect on the crop were on the whole favourable.

Acreage.—The total area planted is estimated at 338,500 acres this year against 302,600 acres last year.

Outturn.—According to the estimates of the District Officers, the average outturn of the crop for the province works out at 75 per cent. of the normal this year against 72 per cent. last year.

Taking 515½ maunds as the normal yield of sugarcane per acre, the gross outturn for the province is estimated at 4,805,000 tons this year against 4,123,000 tons last year; and on the basis of *gur*/cane ratio 1:10 as the standard for the province as a whole, the gross outturn of cane *gur* is estimated at 480,500 tons this year as against 412,300 tons last year.

Other sources of gur.—The total quantity of *gur* likely to be obtained from date-palm juice and other sources, is estimated at 118,300 tons this year against 120,800 tons last year.

The quantity of *gur* for the province from all sources is thus estimated at 4,923,300 tons this year against 533,100 tons last year.

department also maintained the Kalimpong water-supply, Baranagar-Kamarhati Joint water-supply, Emergency water-supply at Bhola and Maijdi Drainage and water-works.

There is a gradual deterioration in the receipt of the department which has come down to a figure as low as Rs. 12,779 only as against Rs. 35,628 in the previous year.

3. There were 52 water-works in operation during the year which supplied 19,514,444 gallons of filtered water to a total population of 1,639,206. The quality of water supplied was satisfactory.

4. The departmental officers periodically inspected the various municipal water-works and the reports of their inspection were duly forwarded to the local bodies with necessary instructions.

The department also rendered valuable assistance in the shape of advice and suggestions to other departments, local officers and local bodies in matters relating to works of sanitary engineering.

5. The programmes of rural water-supply and estimates prepared by the District Water Supply Committees involved a task of considerable magnitude and kept the staff of the Rural Water-supply Subdivision fully engaged throughout the year. In the majority of cases these programmes were not drawn up in conformity with the principles laid down by Government and they had to be recast and the total estimated cost after revision amounted to Rs. 52,361,940 at the then current market prices of materials.

The policy, hitherto, followed in distributing and disbursing the annual grant for water-supply in rural areas was modified in the year under review and the entire grant (after deducting as usual the amount required for payment to the district boards in reduction of interest payable on loans taken for the improvement of water-supply in accordance with the rural water-supply loan scheme) was placed at the disposal of the Chief Engineer, Public Health, to enable him to purchase the requisite materials at economic rates from approved firms and supply them to local officers as quickly as possible. The estimated cost of works to be done during the year amounted to Rs. 5 lakhs and out of the grant, allotments were made to the District Officers to meet the cost of labour required for sinking tube-wells.

Besides, the Assistant Engineer and the supervisors of the Rural Water-supply Subdivision toured throughout the province, in connection with the examination of the district programmes of rural water-supply.

6. Another work of great importance with which the department was entrusted during the year is the sinking of tube-wells in Calcutta at an estimated cost of over 16 lakhs to provide alternative sources of drinking water-supply for the people of Calcutta in the event of a breakdown of the existing water-supply system as a result of enemy action. The work though started in June 1941, was however, delayed, due to certain practical difficulties and by the end of the year actually 1,52[illegible] tube-wells were completed out of the total estimated number of 2,500.

7. The Sanitary Board held four meetings during year under review and examined 11 schemes of sanitary engineering before forwarding them to Government. The Board also scrutinised the Inspection Report of the various officers of the Engineering Branch of the Public Health Department and made suitable recommendations to Government where necessary.

8. Further, the Board approved the minutes of the eighteenth meeting of the Malaria Sub-Committee and formulated proposals for the formation of Provincial Board of Health and considered the proceedings of the third general meeting of the Nutrition Committee. The Board also considered the proceedings of the last (tenth) meeting of the Tuberculosis Sub-Committee.

9. Government take this opportunity to acknowledge the valuable assistance given to them by the members of the Sanitary Board and record their appreciation of the services rendered by the Chief Engineer and officers of the Engineering Branch of the Public Health Department.

Office of the Secretary to His Excellency the Governor of Bengal

NOTIFICATION.

No. 820-H.—17th February 1944.—The following is republished for general information:—

Office of the Private Secretary to His Excellency the Viceroy.

New Delhi, the 9th February 1944.

No. 47-H.—His Excellency the Viceroy has been pleased to award the Indian Police Medal to the following officers:—

BENGAL.

Name of officer and rank.—**Reginald Albert Parker, District Officer, Calcutta Fire Brigade.**—*Statement of services for which the decoration has been awarded.*—While a fire was being fought in the hold of a ship in the Calcutta docks on the night of the 24th/25th November 1943, a fireman slipped and fell into the hold, breaking an arm and dislocating a shoulder. Despite a considerable volume of heat, flames and fumes, and continual explosions of small arms ammunition, District Officer Parker immediately descended into the hold and at a great risk to himself, succeeded in bringing the fireman to safety. His conduct in this operation was characterised by great bravery.

Name of officer and rank.—**Percival John Holden, District Officer, Calcutta Fire Brigade.**—*Statement of services for which the decoration has been awarded.*—In the later stages of fire fighting, three fire officers were trapped by flames in the hold and were partly overcome by fumes. District Officer Holden managed to lower a length of hose down to them, and by doubling it and hanging precariously over the hatch-way, he enabled these 3 officers, who were partly unconscious, to be pulled to safety. At considerable risk to himself, he steadied each one of them as they came out and his conduct was particularly meritorious, as he might himself have been cut off by flames which were rapidly gaining ground on his side of the hold.

These awards are made for gallantry under regulation (d) (i) of the Regulations governing the grant of the Indian Police Medal and consequently carry with them the special allowance admissible to officers of and below the rank of Inspector of Police.

New Delhi, the 10th February 1944.

No. 48-H.—His Excellency the Viceroy is pleased to announce that His Imperial Majesty the King, Emperor of India, has been graciously pleased to give orders for the publication in the *Gazette of India* of the name of Roy Hope Fletcher, Company Officer of the Calcutta Port Commissioners' Fire Brigade Staff, as having received an expression of Commendation for grave conduct.

PART IVB—Bills introduced in the Bengal Legislative Council; Reports of Select Committees presented or to be presented to that Council; and Bills published before introduction in that Council.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 239L.C.—17th February, 1944.—The following report of the Select Committee on the Advocates' Robes Bill, 1941, by Rai Bahadur Brojendra Mohan Maitra, M.L.C., with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

S. K. D. GUPTA,
Secy. to the Bengal Legis. Council.

REPORT OF THE SELECT COMMITTEE ON THE ADVOCATES' ROBES BILL, 1941.

(As introduced in the Council by Rai Brojendra Mohan Maitra Bahadur, M.L.C.)

We, the members of the Select Committee to which the Advocates' Robes Bill, 1941, was referred by a motion carried in the Council on the 24th September, 1943, have the honour to submit this our Final Report with the Bill embodying amendments recommended by us. Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets, and all new matters recommended by us to be inserted have been underlined.

2. The Committee met for the first time on the 23rd November, 1943, and concluded their sitting on the 24th November, 1943.

3. The Bill has not been altered by our recommendation to an extent requiring republication.

4. The Bill was published after introduction in the *Calcutta Gazette* of the 1st January, 1942, under rule 51 of the Bengal Legislative Council Procedure Rules.

5. The changes made by us are detailed below :—

Long Title and Preamble.—We have added a long title and have redrafted the Preamble to make it more explicit.

Clause 1.—We have made slight drafting changes in this clause and have renumbered it as sub-clause (*1*) of clause 1.

Clause 2.—We have omitted the provision regarding the date on which the Act is to come into operation leaving it to the provisions of the General Clauses Act and have redrafted this clause. We have renumbered this clause as sub-clause (*2*) of clause 1 of the Bill.

Clause 3.—We have made only slight drafting changes in this clause and renumbered it as clause 2.

Clause 4.—We have redrafted this clause and renumbered it as clause 3. We have allowed six months' time to the High Court in place of three months after the coming into force of this Act as originally provided for in the Bill, within which the High Court shall prescribe the uniform robe for wear by Advocates. We have also made the wearing of such robes by Advocates when appearing in their professional capacity before any Court, compulsory after the expiry of six months after the termination of the war or six months after the coming into force of the Act, whichever is the later. We have added a proviso

exempting the Advocate-General of India and of the Provinces of India from the operation of this clause.

Minute of Dissent by Mr. Bankim Chandra Datta, M. L. C.

Unavoidable circumstances took me away from town for about three months, and as such I could not have any notice of the meetings held by the Select Committee.

It is one of those very few Bills which is not for the general benefit of the people and is based on an imaginary grievance born of an inferiority complex.

The sponsor of the Bill does not apparently seek the unification of the Bar as this Bill want only uniformity in robes among practitioners in the Calcutta High Court, leaving the other classess of lawyers to shift for themselves.

The following classes of lawyers practise in the various Courts of Bengal :—

(i) Vakils.
(ii) District Court Pleaders, Small Cause Court Pleaders and Police Court Pleaders.
(iii) Mukhtears.
(iv) Revenue Court Agents.
(v) Solicitors.
(vi) Barristers.

It is somewhat obscure as to what he (sponsor of the Bill) means by saying that "as a necessary step towards the creation of a united Bar, there should be a uniform robe for Advocates of the High Court". This clearly shows that he does not like the idea that the High Court Vakils or Advocates should wear the same robes as the District Court Pleaders or Mukhtears, etc.

The Barristers have, from time immemorial, had a distinctive robe worn by them all over the world. There is no reason why they should be deprived of the same or that others should be allowed to copy them.

The matter of robes, if I may say so, is a domestic matter for the learned Chief Justice and the Judges of the Hon'ble High Court. They have, after hearing all concerned, exercised discretion and prescribed certain modes of robes for lawyers practising in that Court and I venture to submit that a piece of legislation like this would be a direct interference with the jurisdiction of the Hon'ble High Court and should not have been introduced in this Legislature.

The Indian Bar Councils Act has dealt with the status of the Barristers and Advocates of the High Court as also the question of seniority among them and thereafter there should be no grievance against the Barristers at all. This cry for the same robes for all, is, I regret, born of all imaginary grievance, possibly among a very few members ; inasmuch as a large number of the Vakils or Advocates would never grudge the robes as they can stand in their own merits, without caring for this or that robe.

It is a mere cry for the shadow and the valuable time of the Legislature should not have been wasted by such an unnecessary piece of legislation.

[NOTE—All matters omitted by the Select Committee have been printed in italics and enclosed in square brackets, and all new matters inserted have been underlined.]

[3.] **2.** In this Act—

(*a*) *[the words]* "High Court" *[shall]* means the High Court of Judicature at Fort William in Bengal in its Original as well as Appellate Jurisdiction, and

(*b*) *[the word]* "Advocate*[s]*" *[shall have]* has the same meaning *[and import]* as in the Indian Bar Councils Act, *[XXXVIII of]* XXXVIII of 1926. 1926.

[4. Within a period to be prescribed by the High Court not being more than three months from the date on which this Act comes into force the High Court shall prescribe one uniform robe for all Advocates appearing in Court without reference to any other robe such Advocates might be entitled to wear as a member of any learned body.]

High Court to prescribe uniform robe for Advocates.

3. Notwithstanding that any Advocate may be entitled to wear any particular robe by virtue of his being a member of any legal body or association, the High Court shall prescribe within six months after the coming into force of this Act one uniform robe for wear by Advocates of the High Court when appearing in their professional capacity before any Court including the High Court and no Advocate of the High Court shall, after the expiry of six months after the termination of the present war or six months after the coming into force of this Act whichever is the later, when so appearing, wear any robe other than the one so prescribed:

Provided that the provisions of this section shall not apply to the Advocate-General of India or the Advocate-General of any Province in India.

STATEMENT OF OBJECTS AND REASONS.

It appears that the question of robes for its Advocates has long been agitating the High Court at least since 1929.

While trying to dispose of the matter in the interests of uniformity the Court made rules which led not to uniformity but really to diversity. At present there are three classes of robes worn in the High Court—

(*i*) An Advocate's robe prescribed by the Court,

(*ii*) A Barrister's gown,

(*iii*) A blue gown prescribed by the Court in 1907 for Vakils.

Recently there have been instances where the Court has itself not followed its own rules.

The idea for a long time has been to have a self-contained Indian Bar. Uniformity in robes is a step towards that end.

This Bill is therefore introduced to secure that end.

Third and Final Forecast of the Winter Rice Crop of Bengal, 1943-44.

(*Note.*—On an average of the five years ending 1941-42, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Since the issue of the Second Forecast in December last, the weather has been favourable for harvesting the crop.

Acreage.—According to District Officers' estimates the total area under winter rice is 18,176,700 acres as against 16,207,100 acres of last year.

Outturn.—From the summary of the district returns appended it will be seen that seven districts report bumper crop and the rest normal outturn of 100 per cent.

The provincial outturn is estimated to be 103 per cent. of the normal as against 68 per cent. of the last year.

Accepting 103 per cent. as the provincial outturn, the gross yield of the crop, on the basis of the normal yield of 12⅞ maunds of clean rice (husked) per acre, is estimated at 8,528,100 tons this year against 5,020,100 tons in the last year.

No. 4321L.R.—28th February 1944.—In exercise of the powers conferred by clause (*bb*) of sub-rule (*2*) of rule 81 of the Defence of India Rules, the Governor is pleased to make the following amendments in the Bengal Hotels and Lodging Houses Control Order, 1942, namely:—

Amendments.

(1) In paragraph 3 of the said Order, *omit* sub-paragraph (*2*).

(2) After paragraph 6 of the said Order, *insert* the following, namely:—

"6A. (*1*) An occupant of a room or rooms in an hotel or a lodging house shall not be evicted therefrom, whether in execution of a decree or otherwise, except in accordance with the provisions of this paragraph.

(*2*) The manager of an hotel or the owner of a lodging house wishing to evict the occupant of a room or rooms in such hotel or lodging house shall apply to the Controller for a direction in that behalf and if on receipt of such application the Controller is, after giving such occupant a reasonable opportunity of showing cause against the application, satisfied—

(*a*) that such occupant has not paid the charges due by him to the full extent allowable under this Order within the time fixed in his contract with the manager of the hotel or the owner of the lodging house, as the case may be, or in the absence of any such contract by the seventh day of the month next following that for which the charges are payable, or

(*b*) that such occupant has been guilty of conduct which is a nuisance or an annoyance to the other occupants of such hotel or lodging house, or

(*c*) that such occupant has continuously for a period exceeding two months been absent from such hotel or lodging house or left such room or rooms unoccupied,

the Controller shall make an order directing such occupant to vacate such room or rooms and to put the manager of the hotel or the owner of the lodging house, as the case may be, in possession thereof, and if the Controller is not so satisfied, he shall make an order rejecting the application:

Provided that where the charges due by an occupant of a room or rooms in an hotel or a lodging house have accrued due before the second day of March 1944, no application by the manager of an hotel or the owner of a lodging house, as the case may be, for evicting such occupant shall lie under this sub-paragraph on the ground of failure to pay the charges so due if such occupant pays the said charges to the full extent allowable under this Order within two months from the said date.

(*3*) Every order under sub-paragraph (*2*) directing the occupant of a room or rooms in an hotel or a lodging house to vacate such room or rooms and to put the manager of such hotel or the owner of such lodging house in possession thereof shall, subject to the provisions of paragraph 7, be final and shall be executed by the Court having jurisdiction to entertain a suit for ejectment in respect of such room or rooms as if it were a decree of that Court.

6B. When the manager of an hotel or the owner of a lodging house refuses to accept the charges referred to in clause (*a*) of sub-paragraph (*2*) of paragraph 6A or the charges referred to in the proviso to the said sub-paragraph offered by the occupant of a room or rooms in such hotel or lodging house, such occupant may—

6C. The fact that the management of an hotel or the interest of the owner of a lodging house has been transferred by assignment, sale or sub-letting shall not of itself be a ground for eviction of the occupant of a room or rooms in such hotel or lodging house so long as the transferee maintains the hotel or lodging house as such.

6D. (*1*) Every proprietor or manager of an hotel or owner of a lodging house who intends to transfer or terminate a lease in respect of the premises in which such hotel or lodging house is situated shall give at least one month's notice of such intention to the Controller as well as to every occupant of a room or rooms in such hotel or lodging house, as the case may be.

(*3*) It shall be competent for the Controller in every case a notice has been received by him under sub-paragraph (*1*) or an intimation has been received by him under sub-paragraph (*2*) to authorise any occupant of a room or rooms in such hotel or lodging house to take charge of such hotel or lodging house and to hold the premises in which the said hotel or lodging house is situated as a lessee under the landlord thereof on the same terms and conditions on which the proprietor or manager of the hotel or the owner of the lodging house held the said premises under the said landlord or on such terms and conditions as may be agreed upon between such landlord and the occupants of such hotel or lodging house and any occupant so authorised shall be entitled to hold the premises on such terms and conditions as a lessee under the landlord.

(*4*) Any dispute between the landlord and such occupants in regard to the terms and conditions under which such premises shall be held shall be decided by the Controller and the Controller shall before deciding such dispute give to the parties concerned an opportunity of being heard and every such decision shall, subject to the provisions of paragraph 7, be final.

6E. For the purposes of an inquiry under this Order, the Controller may,—
